## The Chemical Engineering Study Area Resolution

**Whereas:** The current rules regarding the Ray B. Nesbitt '55 Undergraduate Study Area, a heavily used room connected to the first floor computer labs within the Jack E. Brown building, do not allow food and drink; and

**Whereas:** A significant number of chemical engineering students have expressed their concern over this rule, hoping instead to drink and eat while they study; and

**Whereas:** Having food and drink in the Ray B. Nesbitt '55 Undergraduate Study Area would not affect sensitive equipment, such as computers;

**Therefore  
Let it be**

**Resolved:** The Student Senate respectfully requests that the Department of Chemical Engineering allow students to bring food and drink into the Ray B. Nesbitt '55 Undergraduate Study Area.
